Profile

Hello! I'm Jenny Chen. I am a product designer currently studying at ArtCenter College of Design. I'm interested in consumer electronics, lighting, jewelry, and patterning. I prioritize the practicability, functionality, trend, and commercial nature of a product in addition to its aesthetics.

Education

Bachelor of science, Product Design Sept 2019 - Present
ArtCenter College of Design - Pasadena, CA, U.S.

- ArtCenter's Provost's List, Spring 2020 - Spring 2022
- GPA 3.886

Work Experience

Xiaomi Inc. May 2021 - Sept 2021
Industrial Design Internship
Beijing, China

- helping ecosystem chain group in researching, brand-defining, appearance designing, and function evaluating.
- visiting factories to follow the design process.

AoLab Jan 2021 - Sept 2021
Industrial Design Internship
Shanghai, China

- communicating with customers about the requirement.
- designing projects for brand including BMW and VW.

Bo InnoHealth Oct 2021 - Present
Freelance packaging and branding designer
Hongkong, China

- following and designing packaging for the latest new project.
- branding and styling the new product chain.
